Helping to Achieve the Highest Point of your Health

SERVICES WE OFFER

Skilled Nursing

-Our Skilled Nursing (RN/LVN) provides nursing care treatments & instructions to the patient and immediate family, coordinating with all others involved in the patient's care.

Home Health Aide

-Our Certified Home Health Aides (CHHA) help with personal care & general assistance such as bathing, dressing & light housekeeping.

Physical Therapy

-Through therapeutic exercise, balance activities & ambulation training, our therapists help patients regain functional mobility. The therapist can assess the patient's needs within the context of the patient's home.

SERVICES WE OFFER

Occupational Therapy

-Our therapists help patients regain activities of daily living skills. The therapist can identify safety concerns & determine if there is a need for adaptive equipments.

Speech Therapy

-Our Speech Therapists help patients regain their ability to produce and understand speech. The therapists can also help patients manage swallowing disorders.

Medical Social Services

-Our Social Workers help patients & their family deal with financial & social problems which interfere with the patient's recuperation or stability.

IS HEALTHPOINT HOME HEALTH FOR YOU?

- Have you been recently discharged from a hospital, rehabilitation center or skilled nursing facility?
- Do you require considerable assistance and effort when leaving your home?
- Do you need assistance with daily activities like bathing or dressing up?
- Are you dependent on adaptive devices such as oxygen or have any residual weakness?
- Do you have a wound requiring dressing changes such as a pressure ulcer or a surgical incision?

If you answered YES to two or more of these questions, please call us at 559-412-7953 to discuss how we can help.
